

INTRODUCING THE NEW PC90 FROM MEDIX

DESIGN:

AS PUBLISHED IN THE HUMAN FACTORS DESIGN GUIDEBOOK AS BEST PRACTICE.

BY (NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY) NIST AND NIOSH

- TO REDUCE MOVEMENT AND IMPROVE PATIENT AND PROVIDER SAFETY
- PROVIDERS ARE ABLE TO REACH PATIENT AND EQUIPMENT WITH MINIMAL MOVEMENT WHILE REMAINING SEATED
- MINIMAL HEAD STRIKE ZONES
- BOLSTERED SEATING WITH 4 POINT HARNESS RESTRAINTS

MATERIALS

- HIGH DENSITY POLYETHYLENE CABINETS
- STAINLESS STEEL WALLS
- METAL HIGH STRENGTH LATCHES
- ALUMINUM W/ LAMINATED INSULATED WALLS & CEILING
- BUSSMAN ELECTRONICS – VEC

HDPE - Used in FDA approved food processing and Hospital application environments requiring easy to clean solid surface non permeable surfaces.

Other uses include Water Tanks, Pipe Lines with Chemicals, Bottle/ Bottle cap production AND MEDIX AMBULANCES

BENEFITS

Densetec brand High Density Polyethylene (HDPE) exhibits properties such as:

- High Impact Strength
- Resistance to Abrasion, Stain, and Odor

- HDPE – EASY TO CLEAN – MINIMAL EXPOSED FASTENERS – CHEMICAL RESISTANT
- Temperature resistant – minus 120 to 180 degrees – Impervious Solid Core
- Doesn't: Crack / Brake / Delaminate / Sweat / Splinter
 - Will not brake or splinter in an accident – "It Bends"
 - Corners are doweled, glued and screwed together
 - Surface Repairs are done using a sealant glue calk

ELECTRICAL

BUSSMAN ELECTRONICS – VEHICLE ELECTRICAL CENTER "VEC"

- PLACES A STD SYSTEM INTO ONE BOX – EACH VEC HAS 20 OUTPUTS
- THIS IS A SOLID STATE SYSTEM AS OPPOSED TO A HARD WIRED SYSTEM
- THIS IS NOT A MULTIPLEX SYSTEM

BENEFITS

- IMPROVED DEPENDABILITY
- LESS CONNECTIONS
- DIAGNOSTIC LEDS
- DECREASE INSTALL TIME – BETTER VALUE
- EASY TROUBLESHOOT
- Will soon have Anti-microbial
- With HIPPA laws – you can only transport one patient

INTRODUCING THE NEW PC90 FROM MEDIX

150' module – long enough to accommodate the Stryker and Ferno Cot systems
90 wide and 68 headroom

KKK / CAAS compliant certified ambulance

Conversion Exterior

44 cu. ft. of exterior storage
Trimark door handles with emergency release tabs on entry doors
Exterior Stair chair storage
ADP Running Boards

Patient Compartment

33 cu. ft. Interior storage
High Density Polyethylene – molded plastic cabinets and counter tops
Full Main Wall Cabinets with easy to clean Stainless Steel wall
Sharps/Waste Tip Out
Glove Boxes (4)
Vacuum Formed Upholstery
Special layout incorporates bolster swivel seating and a 4 pt belt

Electrical

Busman - VEC Electrical System with Rocker Switches and Diagnostics

Dual Rear Control Panels
Full LED lighting with chrome bezels
7 LED Emergency Lights across the front wall includes bezels
7 LED Emergency Lights across the rear wall Includes bezels
9 x 7 Halogen Scene Lights
700 LED Wheel Well and Fender Lights
600 Series LED stop, Tail, Turn with bezels
Recessed bumper mount siren speakers
LED Dome lights (8- 18 Diode)
Carson Siren

Extras included:

Back up Camera
Vanner Invertor / Charger
Dual USB electrical outlets
ABS Front Console to include Aluminum Map Box and Cup Holders

ACC supplied and installed HVAC

Warranty

Body – 15 yr.
Conversion – HDPE 15 yr.
Electrical - 6 yr.
Paint 4 yr.
